

WOCKHARDT | LIFE WINS

ENGINEERING APPRENTICESHIP

Start your engineering career with us

Are you passionate about engineering and ready to take the first step into an exciting career? Join our Engineering Department as an Engineering Apprentice and gain real hands-on experience whilst studying towards a recognised qualification

Learn from skilled engineers

Gain real hands-on experience

Work towards a recognised qualification

WHAT YOU'LL DO

- Work alongside experienced technicians and engineers
- Help maintain and improve high-precision manufacturing equipment
- Learn how engineering systems operate safely and efficiently
- Support work carried out to strict quality and compliance standards
- Build practical skills for a long-term engineering career

WHAT WE'RE LOOKING FOR

- Interested in engineering and how things work
- Educated to **GCSE level** (or equivalent), including **English and Maths**
- Positive, reliable and eager to learn
- A good communicator
- Able to work well as part of a team
- Willing to get involved and take on new challenges

WHAT 'S IN IT FOR YOU?

- Hands-on engineering experience
- Support from experienced professionals
- Formal training alongside practical work
- A recognised qualification through a higher education provider
- The chance to build the foundations of a successful engineering career

LEARN. DEVELOP. SUCCEED

Apply now and start building your future with Wockhardt
